Leading Supplier for:

ABOUT US

Vansh Industries, with over 30 years of experience in manufacturing fire-safety and flame-retardant products, has established itself as a trusted name in the fire-safety industry. Our commitment to **innovation, quality, reliability, and safety** drives us to develop advanced solutions that meet the evolving needs of industries and consumers.

With a strong focus on research, product development, and stringent quality standards, we deliver dependable fire-safety solutions designed to provide effective protection when it matters most. Backed by modern manufacturing facilities, experienced professionals, and a robust supply network, **Vansh Industries** continues to strengthen its presence across India and international markets.

Our mission is to make fire safety **accessible, reliable, and effective** through continuous innovation and uncompromising quality—helping create a safer environment for people, property, and industries.

OUR MISSION & VISION

Our Mission is to deliver innovative, reliable, and high-quality fire-safety solutions that protect lives, property, and industries. We are committed to continuous innovation, advanced manufacturing, stringent quality standards, and customer satisfaction while making safety solutions more accessible across domestic and global markets.

Our Vision is to become a globally recognized leader in fire-safety and flame-retardant solutions, setting new benchmarks in innovation, quality, reliability, and safety. We envision a future where advanced fire-protection solutions contribute to a safer and more secure world for everyone.

THE IMPORTANCE OF FIRE SAFETY

Fire can cause devastating damage to **lives, property, businesses, and the environment** within a matter of minutes. Effective fire safety is not only about responding to a fire—it is about preventing hazards, detecting risks early, and ensuring rapid protection when an emergency occurs.

WHY FIRE SAFETY MATTERS?

Protects Lives:

Minimizes the risk of injury and loss of life.

Prevents Property Damage:

Helps control fires before they cause extensive destruction.

Reduces Business Losses:

Minimizes downtime and operational disruptions.

Enables Quick Response:

Early detection and effective suppression can prevent fire escalation.

Ensures Workplace Safety:

Creates a safer environment for employees and customers.

Builds a Safer Future:

Promotes awareness, preparedness, and a culture of prevention.

OUR COMMITMENT TO FIRE SAFETY

**Innovation that protects.
Technology that saves lives.**

At **Vansh Industries**, our mission is to deliver reliable, high-quality fire safety solutions that protects lives, property businesses & the environment.

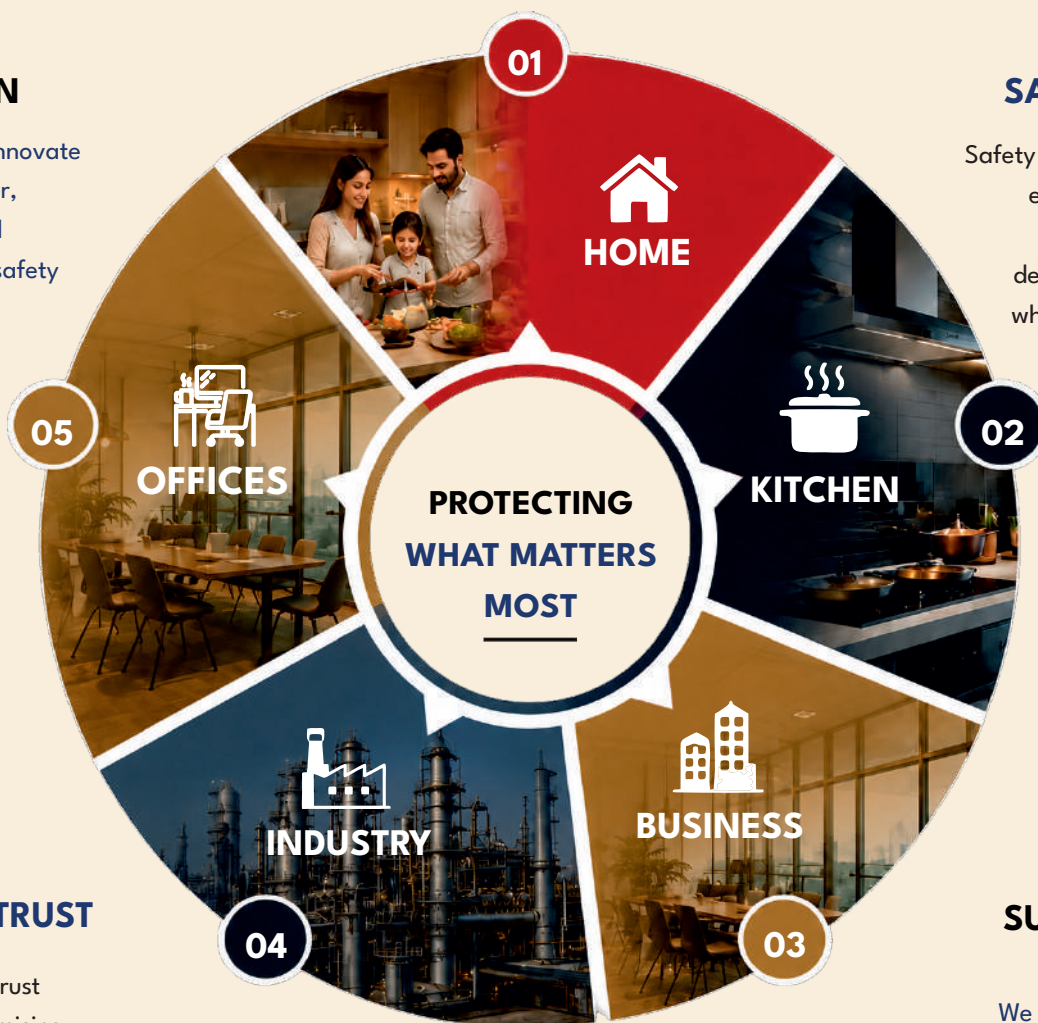

INNOVATION

We continuously innovate to develop smarter, more efficient and future-ready fire safety solutions.

SAFETY FIRST

Safety is at the heart of everything we do. Our products are designed to protect what matters most.

QUALITY & TRUST

Three decades of trust built on uncompromising quality, rigorous testing and dependable performance.

SUSTAINABLE FUTURE

We are committed to responsible innovation for a greener, safer and sustainable tomorrow.

WHY WE DO WHAT WE DO?

Enhancing safety in every space.

Protecting lives, homes & businesses.

Driving innovation for a better life.

Delivering Quality you can trust.

Building a responsible and a safer future.

- Wide Range of Applications
- Reliable Fire Protection

Product Code	Capacity
VIFX08	5 Kg

CO₂ FIRE EXTINGUISHER

Vansh Industries' CO₂ Fire Extinguisher is a highly effective clean-agent fire-fighting device that uses carbon dioxide (CO₂) to rapidly suppress fires by displacing oxygen around the flame. It is specially designed for Class B fires involving flammable liquids and **Class C/E** electrical equipment, making it ideal for use in offices, electrical rooms, server rooms, laboratories, industries, and commercial spaces.

SALIENT FEATURES

- Multipurpose Protection
- ABC Dry Chemical Powder
- Quick Fire Knockdown
- Easy to Operate
- Pressure Gauge
- Strong & Durable Cylinder
- Wide Range of Applications
- Reliable Fire Protection

Product Code	Capacity
VIFX09	2 Kg
VIFX10	4.5 Kg

SMOKE DETECTOR

Vansh Industries' Smoke Detector is a reliable early-warning fire safety device designed to detect the presence of smoke and provide timely alerts. It helps identify potential fire hazards at an early stage, allowing for quick action and improved safety. Its compact design makes it suitable for homes, offices, commercial spaces, and industrial environments.

SALIENT FEATURES

- Early Smoke Detection
- Rapid Alarm Activation
- High-Sensitivity Sensor
- Loud Audible Alert
- Compact & Modern Design
- Easy Installation
- Low Maintenance
- Long Battery Life

Product Code

VIFX12

AUTOMATIC MODULAR FIRE EXTINGUISHER

Vansh Industries' Automatic Modular Fire Extinguisher is a reliable, ceiling-mounted fire protection solution designed for automatic fire suppression. It is engineered to detect and respond to fire at an early stage, helping minimize damage and improve safety. With automatic activation and efficient extinguishing performance, it provides continuous, dependable fire protection with minimal human intervention.

SALIENT FEATURES

- Automatic Fire Detection
- ABC Dry Chemical Powder
- Ceiling-Mounted Design
- Rapid Fire Suppression
- 24/7 Continuous Protection
- Easy Installation
- Reliable Fire Protection

Product Code	Capacity
VIFX11	5 Kg
